CIRCULATION
LARGEST IN THE CITY.

Purely Business!
The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can afford to give his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls
Upon the Ledger for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Suppers,
reunions, fairs, or other public entertainments where a fee is charged, and for ordinary notices, remissions of respect, etc., The Ledger will charge five cents a line, and hereafter this will be the invariable rate. This, however, is not the case.

Does Not Include
columns of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.
Misunderstandings are unpleasant. The rate for business notices in this paper is ten cents a line for the first insertion and five cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—six times—the bill is \$12. When he is called on to pay, he is "kicked" and a controversy, followed probably by an angry feeling. Now, to obviate this trouble, we "tell forth" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant and all around.

When Maria Jane is Mayor.

When Maria Jane's election to the Mayorship of this city, there will be many wrongs corrected that are now apparent there.

The sidewalks will be carpeted, the streets swept twice a day.

The alleys be as fragrant as fields of new-mown hay.

What with parties and receptions and occasionally a ball.

There will be a transformation around the City Hall.

And each Ward in the city will be represented there.

By lovely Alderwomen and not horrid Aldermen.

When Maria Jane is Mayor, none but ladies will, of course.

Be appointed members of the city police force.

And in their blower uniforms they'll look so very sweet.

The gang to be arrested will consider it a treat.

The stores will be compelled to have a bargain sale each day.

And for showing drum and soda you will not be asked to pay.

Oh, great reforms will be projected, all the wrongs will be corrected.

When Maria Jane's election to the Mayorship shall be.

Governor Brown has pardoned ex-Mayor Davidson of Lexington, who was sentenced to ten days in jail for carrying concealed weapons. The pardon has not been spread upon the Court records, and there is considerable curiosity to know what reason the Governor gives for executive clemency in view of the caustic comments of the press of the country on the Kentucky conduct of pardoning failed criminal men convicted of carrying concealed weapons.

PAIN'S CELERY COMPOUND.
Best Spring Remedy in the World--It Makes People Well.

There is one true specific for diseases arising from a debilitated nervous system, and that is Paine's Celery Compound, so generally prescribed by physicians. It is probably the most remarkable remedy that the scientific research of this country has produced. Professor Edward E. Phelps, M.D., LL.D., of Dartmouth College first prescribed what is now known the world over as Paine's Celery Compound, a positive cure for dyspepsia, biliousness, liver complaint, neuralgia, rheumatism, all nervous diseases and kidney troubles. For the latter Paine's Celery Compound has succeeded again and again where everything else has failed.

The medical journals of this country have given more space in the last few years to the many remarkable cases where the use of Paine's Celery Compound has made people well than to any other one subject.

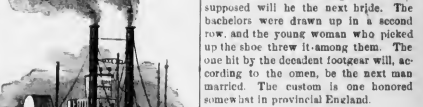

Mrs. Michael Foley, aged about 45 years, after an illness of two days died last night at 8 o'clock at her home several miles below this city. Her husband and two children survive her.

The advertisement of a business man in his home paper stands out in bold relief as a signal of success. The patrons of the paper know he pays for the space he occupies. They see his name often and become familiar with it. When they wish to buy they go to the man who advertises, because none but liberal, enterprising merchants advertise.

WINDSTORM HALL.

A Twenty-Minute's Storm Does Great Damage.

A Number of Negroes Killed in the Neighborhood of Camden, Ark.

Cattle and Crops Destroyed—An Enormous Breakage of Glass in Camden—Hailstones Two Inches in Diameter—The Loss Will Be Very Great.

CAMDEN, Ark., April 27.—A destructive hail and windstorm passed over this town and vicinity about five o'clock Friday morning. Many of the hailstones were two inches in diameter. The storm lasted for a twenty minutes, but during that time did great damage, reaching in amount to many thousands of dollars. A Negro cabin, inhabited by Cox Adams and family, blew down on the inmates, all of whom were more or less hurt. In another cabin Amelia Bell died of fright, and on the storm. The names of the persons who were killed are as follows: Mrs. Bell, who was killed by falling timber, and will die.

The Wests family, who were in their house shaking, ran out into the storm, and had hardly got away when the house was blown from its foundations. All the glass in the city on the north side of the buildings is blown away. The breakage of plate and stained glass stores, churches and public buildings is enormous.

The thirty-two Knights of Pythias building is damaged several thousand dollars. Trees are blown down, and left as bare as in midwinter. Herders and farmers have to replant everything. Fences and outbuildings are blown down in every direction. Horses, cattle, sheep and poultry, wherever exposed, were killed by the hail or driven to the city.

Reports from surrounding points in the country are meager, but indicate even more serious damage than was estimated in this city. It is reported that several people, mostly Negroes living in unstable cabins, have been killed. That all the crops were killed, that after several hours exposure in the sun they were still as large as partridge eggs. The storm passed through a channel not more than fifteen miles either way from Camden.

Duck Hill, Miss., April 27.—This vicinity was Friday night and Saturday morning torn by a destructive storm that demolished farm buildings and ruined crops so they in all are replanted.

REMARKABLE.

Woman Prevents Men Leaving a Theater Between the Acts to Get a Drink. Mrs. Griffin, April 27.—Thursday night an interesting scene was witnessed at the Metropolitan theater. The result promises to bring about a new era in music, and men must now either occupy aisle seats or carry a bottle in the pocket.

Mrs. Griffin, nee Dr. Anna Lemon, was seated the third seat from the aisle on the east side of the house. She was the only woman in the house. The result promises to bring about a new era in music, and men must now either occupy aisle seats or carry a bottle in the pocket.

Mrs. Griffin stated that she had paid for her seat, and not intended to get up to get a drink. The manager of the house was called upon by the gentlemen. San Francisco, April 27.—There seems to be good reason to suspect that a conspiracy is on foot in this city to make more trouble for the Hawaiian provisional government. A number of inquiries have been made by persons visiting the water front as to the chances for securing a vessel available for transporting goods to Hawaii. It is reported on good authority that Hawaiian Consul Wilder has been apprised of the existence of a revolutionary combination, and it is stated that arms have already been shipped to Hawaii.

NOT GUILTY.

That is the Plea of One Who Was Charged with the Murder of a Negro.

LONDON, April 27.—The trial of Oscar Wilde and Alfred Taylor began in the Central Criminal Court, Old Bailey, Friday. Charles Parker and the other witnesses who testified at the preliminary hearings were called to the stand, and repeated the stories they had previously told.

Wilde looked careworn and anxious, and was much thinner than usual. The fact that he had had his hair cut short added to his attenuated appearance. Taylor maintained an air of concern. Both prisoners pleaded not guilty. The opening speech of the counsel for the prosecution was a repetition of his previous arguments.

The evidence given by the young man Parker was vastly more disgusting than the testimony he gave at the hearing in the Bow street police court. Under cross-examination he swore that Wood and Allen had received 4000 blackmail from a gentleman with whom they were guilty of misconduct, and that he himself had received 4000 from the same person.

CONGRESS' WORK.

Figures Showing the Number of Bills Introduced in the House of Representatives. WASHINGTON, April 27.—According to figures prepared by Mr. B. S. Platt, enrolling clerk of the House, the number of resolutions became laws during the third session of the Fifty-third congress. Of these 215 were Senate bills, 100 House bills and resolutions. During the entire congress 12,223 measures were introduced in the two houses, of which 5,000 originated in the House and 9,271 in the Senate. The Senate passed 371 of its own bills, but only 239 of these favorable action in the House. While of the 71 House bills which passed the House 550 also passed the Senate. The President vetoed or failed to sign 24 of the Senate bills which were sent to him, while 51 House bills met the same fate at the hands of the executive. It appears from this statement that the House is more conservative in its action on the bills introduced during the congress because laws.

CINCINNATI, April 27.—The police are quietly investigating certain rumors concerning Dr. Gibson with the murders in the Emanuel Baptist church. WILL PAID.

Nicaragua Prepared to Settle With John Bull.

The Government Receives Enough From Voluntary Subscription.

NEW YORK, April 27.—A special from Managua, Nicaragua, dated April 24, says: The government has assurances that it will receive from voluntary subscriptions the sum of \$100,000, which will enable it to settle with Great Britain within the time allowed by the ultimatum brought by Capt. Walker of the British squadron. There is a strong feeling among the people against accepting too quickly of Britain's demand.

The money was offered by Leon Cely, and the government seemed ready to accept it and pay the claim, but was deterred by the feeling that if it should seem too ready to obey England it would cause serious trouble. There is great excitement here. Two thousand men are ready to march to Corinto at a moment's notice. A special cable dispatch to the Sun from London says: Great Britain will use the greatest care not to offend the United States in the settlement of her quarrel with Nicaragua. Lord Kimberley has been most anxious from the outset to make it clear that he is unwilling to offend America in any manner. The British foreign office, in fact, never showed such tender regard for the Monroe doctrine as it is now manifesting.

Instructions for landing the blue jackets Friday morning have been carefully framed, and it is certainly far short of the intention of the British government to undertake a policy of occupation such as exists in Egypt.

REV. GIBSON.

Shattered of the Emanuel Church Crime. DURING TIMES at the Pastor's Quarters. CINCINNATI, April 27.—The police are quietly investigating certain rumors concerning Dr. Gibson with the murders in the Emanuel Baptist church. During the investigation some sensational stories have reached the ears of the police which implicate the doctor in the crime.

While Chief Crowley still believes Gibson innocent of any connection with the horrible crime, he considers the rumors of sufficient importance to warrant an investigation. He desired several of his best men to inquire into the matter, with instructions to sift them to the bottom.

TO THE RAPPANNOCK.

Storm Said to Have Stripped a Tangle and Ten Persons Buried. JALTINGTON, April 27.—Two white men were killed and more were reported to have been drowned during the storm on the Rappahannock river. The drowning occurred near Barham's wharf. The bodies of the two men were found in the river. When the storm broke a number of causes sought safety by making fast to the vessel.

The vessel began to drag her anchor and her captain cut the smaller boats loose, which caused them to drift off. The latter, struck by the waves, and the tops of these boats who are said to have been drowned.

A Woman's Vengeance.

New York, April 27.—Dominic Catalde was thirteen years of age when his mother was killed by a woman who was his lover. The woman was killed by a woman who was his lover. The woman was killed by a woman who was his lover.

CONDENSED NEWS.

Miss Louisa Sarka, of Spencerfield, was arrested at Van Wert, O., by Sheriff Connor, on a charge of horse-stealing.
